## 'Who Killed Cock Robin' Offering Of Cue & Curtain Friday, Saturday

Unusual Comedy Drama and  
Murder Mystery Plays at  
Wardman Park

ORLEANS TAKES LEAD

Tickets on Sale at Bursar's  
Office or Building Q; Re-  
served Seats \$1.00

Ten of Cope Valley's cleverest amateur tragedians and most prominent community figures witness the murder of a member of the cast during a performance of the duel scene in "Robin Hood," but no two of the ten saw the same individual do the same thing at the same time in the same place. Cue and Curtain presents this unusual comedy drama and murder mystery, "Who Killed Cock Robin," on the stage of the Wardman Park Theater Friday and Saturday of this week.

Four weeks of nightly rehearsals and painstaking preparation will be brought to a climax Friday and Saturday nights, November 18 and 19. A final dress rehearsal lasting until the early hours of Friday morning will conclude the minute details necessary in the polished staging of the production.

Properties include everything from eight pistols, employed by the amateurs of the Robin Hood drama, to wine casks, pewter mugs, and the crockery jug that falls and breaks when struck by the bullet that theoretically passed through the body of Robinson. Newell Lusby has spent hours in the workshop of the organization located in the basement of Building D, constructing the intricate revolving sets, and English tavern scenery necessary for the successful presentation of the play within a play.

A real bullet from one of the eight pistols used in the Robin Hood performance turns stage tears to grim shrieks of stark reality, as Robinson, a local

## Commerce Group Host to Kirkman

Alpha Kappa Psi National  
President Encourages  
Business Fraternity

Thirty-five members of the Commerce and Economics Fraternity were hosts to O. Arthur Kirkman, national president of Alpha Kappa Psi, National Professional Commerce Fraternity, at Lambie House, Monday, November 8. The local fraternity plans to petition Alpha Kappa Psi in the near future, and the presence of the national president gave new impetus to this ambition.

Mr. Kirkman spoke at length on the rules, regulations, and purposes of the fraternity and the necessary steps to be taken in petitioning. He has served in this capacity for several years and is the youngest member ever to hold that office.

Regular business of the evening was the first of a series of round table conferences on national economic problems which will be held during the coming year. The subject for discussion was "The Economics of Unemployment Insurance."

Sub-topics were presented by G. Douglas Taylor, who spoke on "State Unemployment Insurance," by George Y. Jarvis, who discussed "Unemployment in Europe," and by Richard Marks, who talked on "Proposed Federal Plans for Unemployment Insurance." After the speeches the meeting was thrown open for general discussion. Fred Joiner, vice president of the fraternity and chairman of the committee on round table discussions, presided.

## Pledge Prom Will Be Friday, December 9

The Interfraternity Pledge Prom has been definitely scheduled for Friday, December 9, in the main ball room of the Shoreham Hotel. An orchestra has not been chosen, but negotiations will be completed this week under the able direction of the social chairman, George Haws.

Every effort is being made to make the prom one of the headliners of the G. W. social calendar for the season. As this is the "highlight" of the neophytes' short existence as pledges, it is intended that it will go down as a memorable event.

By JANE EDWARDS  
The Boswell Sisters, Helen Morgan, Hal LeRoy, Margaret "Mickey" McKee, and other famous Broadwayites will be rivaled by our own musical comedy stars who will entertain you by their versatility in the forthcoming Troubadour production, "Oh, Say, Can't You See?"

Katherine Kramer, daughter of Stephen E. Kramer, member of the G. W. U. Board of Trustees, will be heard in one of the most novel features of the show. She is well known as a whistler of great ability.

Nell Griffith, who established an enthusiastic following at Northwestern University where she starred in their show, will torment you with her "torch singing."

The versatile Jerry Sickler will en-

## Junior Class Elects Officers Tomorrow

To Aid Homecoming

Election of officers by the junior class of the University will be undertaken tomorrow evening, according to a statement made last night by Loren Murray, chairman of the class organization committee of the Student Council.

Murray stated the Council believed such immediate action expedient because the sophomore and freshmen classes were taking an active part in the Homecoming celebration next week and it would be well for the junior organization to cooperate also.

A president, vice president, secretary and treasurer will be nominated and elected by the class at the meeting tomorrow evening which will be held in Corcoran Hall, Room 10, at 8:15.

With his election, the junior president will automatically become an ex-officio member of the general homecoming committee of the Student Council. T. Elton Billings, president of the Council, stated.

## Pre-Medical Students Will Meet Next Monday Evening

The meeting of pre-medical students which was announced for 8 p. m., Monday, November 21, at the Medical School will be held Tuesday, November 22, at the same time. If for any reason you have not received an announcement and ticket for this gathering, please see Miss Sellner in Dean Doyle's office.

## Davis Prize Contest Features Glee Club. Orations of Seniors

Wealth of Subjects to Be  
Presented by Students Compet-  
ing for Forensic Trophy

The George Washington University Club, under the direction of Dr. Robert Howe Harmon, will be one of the special features of the Davis prize speaking contest, which takes place this evening in Corcoran Hall at 8 o'clock.

The Glee Club, prominent at many University functions, will render several numbers during the intermission of the contest.

Seniors who are to participate in this competition, sponsored annually by the department of public speaking and the subjects of their orations, are as follows: DeWitt Bennett, "The Price of Culture," Mary Eleanor Grindell, "The Problem of the Nations," Ben Hope, "Youth in a Finished World," Seymour Mintz, "Capitalism Has Not Broken Down," Elizabeth Reeves, "Socialism and the Next Era," Richard A. Tilden, "Centralized Control of Industry."

Professor Elmer Louis Kayser is chairman of the contest. The judges are Dr. Stephen E. Kramer, assistant superintendent of schools of the District of Columbia and alumni representative of the Board of Trustees; Mr. Gilbert L. Hall, lecturer in the Law School and national vice president of Delta Sigma Rho; and Professor S. Chesterfield Oppenheim, of the Law School. Faculty and students have the privilege of attending and are especially invited to this university function.

## Glee Club Presents Series of Concerts

The George Washington University Men's Glee Club, with radio and stage appearances last week, began a season of engagements which promises to be the busiest of its eventful history.

The club sang on November 10 over radio station WMAL in a 15-minute program sponsored by the Community Chest of Washington. The next night, November 11, the club appeared as a feature of the Armistice Day Jubilee held in Washington Auditorium. An enthusiastic reception was given to its program of popular and war-time songs, which included "Mademoiselle from Armentieres," "Pack Up Your Troubles," "Roses of Picardy," "Tipperary," and "Old Man River."

On Friday, November 18, the members of the club will be entertained at Chevy Chase Seminary, where they will present several of their best songs. Both the men's and the women's glee clubs will appear at Homecoming Stunt Night, "Kamenoi Ostrow," the feature number of the clubs at the Fox Theater concert last year, a Czechoslovakian folk song, and "Hail to the Buff and Blue." On November 27, the combined clubs will give a vespers concert at the Chevy Chase Presbyterian Church.

Colorful Ball at Mayflower  
Will Climax Homecom-  
ing Celebration

By CHARLES A. BELL  
First Annual Homecoming, which will be celebrated Wednesday and Thursday, November 23 and 24, after nestling on the horizon for several weeks, is mounting to the stratosphere of the social sky, and looms as the most dazzling event of the current season. All organizations on campus are lending vigorous and whole-hearted cooperation to the project, and fraternities are sending out invitations to all their alumni.

The Homecoming Ball at the Mayflower Hotel, Thanksgiving night, will mark the climax of the celebration. The entire balcony will be devoted to the alumni, from which point of vantage they may view the colorful dance on the ballroom floor or may participate in the dancing, as preferred.

A box on the main floor has been set aside for each fraternity to be decorated with banners and other paraphernalia. Incentive to the sale of tickets is provided by the reservation of the most advantageous positions to those organizations which dispose of the largest number by Tuesday noon, preceding the ball.

Slaughter Music and Daugherty Music will be furnished by Johnnie Slaughter and his band of nine pieces, which boasts exceeding popularity in Washington and vicinity. Lending further gaiety and versatility to the festivities, Emory Daugherty will appear to direct the orchestra for a time in his own inimitable style.

## R. Johnson Elected By Pi Gamma Mu

Ferris, White Also Chosen by  
Honorary Social Science  
Fraternity

Election of Rex Johnson as president; Nathan L. Ferris, vice president; and Cecil T. White, secretary-treasurer, took place at the meeting of Pi Gamma Mu, national honorary social science fraternity, held Thursday, November 10, in K-21. Office was conferred on Mr. Johnson in recognition of his active participation, deep interest, and valuable services to the fraternity last year.

George Washington University Chapter of Pi Gamma Mu plans to attend a round table conference to be held at Fairmont, W. Va., on December 9 and 10. One session will be devoted to agricultural problems in the United States; another to Latin-American affairs, and a third to a general discussion of the various interests of Pi Gamma Mu chapters in the Central East region.

To celebrate the recent installation of the Georgetown University Chapter by Dr. John Donaldson, governor of the province, and to promote good fellowship between all members of Pi Gamma Mu in the city, a district banquet is being arranged for the chapters of this fraternity at George Washington, American, Catholic, and Georgetown universities, to be held within the next few weeks. The president will appoint a committee for making further plans for the banquet.

Revising the constitution will be the work of a committee composed of Otto Schoenfelder, Evelyn Eller, and Kennedy Watkins, who were appointed at the meeting Thursday night.

## Tickets Prizes in Puzzle Contest

Six tickets to "Oh, Say! Can't You See?" the Troubadour show to be given at McKinley Auditorium on the nights of December 14, 15, 16 and 17, will be awarded as prizes in a Picture Cut-up Contest open to University students. The contest opens today.

On an inside page of The Hatchet, appear three scrambled photographs. When correctly assembled, they picture three students identified with the current show.

The requirements of the contest, according to the Troubadour Board, entail the correct assembling and identification of these pictures. In addition a letter, not to exceed 100 words on the topic of "The Widespread Reputation of Troubadours" must accompany each set of pictures.

Two top prize reserved seat tickets will be awarded for the most correct set and the best letter, in the opinion of Coach Denis Connell and the Board of Directors. A second and third prize of two second prize reserved seats will be given for the runners-up.

The contest will run for three weeks. Two more sets will follow this one, and the results will be announced on December 6. More detailed directions accompany the pictures.

## Stunt Night Books Six Hilarious Skits

Glee Club, Band, Elmer Louis  
Kayser Will Avert Lull in  
Festivities

Stunt night at the Washington Auditorium, Wednesday, November 23, Thanksgiving Eve, will present eight outstanding organizations in eight different types of entertainment.

In addition to the University Band, which will furnish the incidental music for the evening's program, and the combined glee clubs with a specially arranged repertoire, six skits will be given from the stage, providing a diversified show in a novel and spontaneous manner.

Dr. Elmer Louis Kayser will officiate as master of ceremonies, introducing speakers and skits with the appropriate shade of seriousness or levity.

Short talks by President Marvin and prominent alumni will open the festive occasion, to be followed by the six featured skits.

Little is being said about the details of the various skits, but what has leaked out indicates an approach to the acme of hilarity. The sophomores will take a poke at The Hatchet, as well as nearly every well-known individual in the University, with their presentation, which they call "Chips Personified." The freshmen will put on what they term "A Skittish Homecoming," whereupon the dolls from the Pan-Hellenic Council will satirize the frosh, abetting their program with a chorus in the Ziegfeld manner.

Not to be outdone, the Interfraternity Council will also present a chorus—but what Ziegfeld might think of them is another matter.

Dramatic Groups to Appear

The two dramatic organizations will not be missing, either. Cue and Curtain will take-off on their current production, "Cock Robin," while the Troubadours will round out the program with a scene from "Happy Landings," introducing stars of former years, some of whom are now doing professional work. They also have a surprise in store which they refuse to divulge. Dan Beattie is directing the skits, as well as Troubadours, and will say only that it is elaborate and colorful.

## Tryout of Sophomore Skit Scheduled for Tomorrow

The sophomore skit has been written and a try-out for all parts will be held in Room 10, Building W, Wednesday at 3 o'clock. Every sophomore interested will please be there on time. Your support is needed.

FIGHT IS FIRST FEATURE

Push-Ball Melee to Take Place  
On Ellipse; "Laz" Som-  
mers in Charge

Open house at all fraternities and sororities, open class rooms, open minds, and open arms, as well as stunts and features, including a push-ball contest, will be the order of the day Wednesday, November 23, when the first annual Homecoming is inaugurated.

Following the greeting and registering of alumni during the morning, they will be invited to visit classrooms and chat with professors, and in the afternoon witness the first informal event, on the Ellipse. This will be the frosh-soph push-ball melee.

Freshmen already are lining up with bloodthirsty looks in their eyes, and are organizing a strategic plan of battle. The vigilance committee irks them, and they vow they will not rest till every yearling is driven into the Potomac.

The sophomores scorn the daring of the newcomers, and are relying on men like "Ox" Wickham to sit on the ball between drives, and have selected the Tidal Basin as the proper watering-place for the greenhorns. Their heads may be "bloody, but unbowed."

Supervision of the event will be handled by a committee of upperclassmen headed by Stanley Lazlo Sommers, and including Bob Savage, Barney Hale, Bill Duncan, Lee Carlin, Pete Kline and Steele McGrew. They promise a large turnout and fast play.

## Medical Scholastic Club Picks Officers

James Snyder Elected Presi-  
dent of Only Honorary  
Medical Society

James L. Snyder was elected president of the newly-formed Smith-Reed-Russell Society at the meeting held last Tuesday at the George Washington University Medical School. George W. Reeve was chosen vice-president and Alfred Thom, Sr., secretary-treasurer.

"This group forms the only scholastic society in the School of Medicine. Membership is limited to the students of the three upper classes who have attained a scholastic average of 86 or above."

The society is named in honor of three former George Washington Medical School professors who have made universally recognized contributions to the science of medicine. Dr. Theobald Smith, head of the department of bacteriology at the school from 1886 to 1894, made important discoveries in bacteriology, protozoology, and immunology. Dr. Walter Reed, head of the bacteriology department from 1894 to 1902, is remembered for his famous yellow fever experiments. Dr. Frederick Russell, who succeeded Dr. Reed from 1902 to 1910, was the discoverer of typhoid vaccination.

Plans are now being made for a banquet to be held next month at which Dr. Russell, Dr. Smith and Col. Reed, son of Walter Reed, will be present.

## FitzPatrick Speaks Before History Club

"The Real George Washington" is the subject on which Mr. John FitzPatrick will speak before the Swisher History Club this evening at 8:30 o'clock, in W-22.

Mr. FitzPatrick perhaps knows more about George Washington, the man, than any other person living today, as a result of his research work on the life of George Washington for the Bicentennial Commission.

Elizabeth Churchill, president of the club, welcomes all students who are interested in history to attend this lecture. There will be a brief business meeting at 8 o'clock preceding the program of the evening.

## Chi Sigma Gamma Initiates Pledges Tomorrow Evening

The first degree initiation ceremonies of Chi Sigma Gamma, women's honorary chemistry fraternity, will be held tomorrow evening. The members and pledges will meet in Corcoran Hall at 8 o'clock before retiring together to their trysting place.

## Each Student Should Contact One Alumnus for Homecoming

There is no doubt that local alumni will do their part to make this first George Washington Homecoming a big success if the students make it a point to contact them and let them know that the student body is really behind the move. It is up to every individual to get in touch with at least one Alumnus and see to it that he knows what it is all about. GET YOUR MAN AND BE SURE THAT HE IS ON CAMPUS IN TIME TO TAKE PART IN WHAT HAPPENS. This is their party and our responsibility! Phone some Alumnus today and let him see that you are as enthusiastic as you pretend to be!

## "Cock Robin" Will Not Disappoint Lovers of Good Entertainment

That Cue and Curtains' fall drama, "Cock Robin," is worthy of enthusiastic student support is a needless admonition. That such support can be solicited on the merits of previous commendable appearances of an organization is indeed a happy situation. We beg to remind you that there is no need to approach the Wardman Park Theatre Friday or Saturday night with any misgivings or skepticisms. Nor need you fear the necessity of an apology when the curtain has fallen on the third act of the production. We assure you, without mental reservation, of an evening of profession theatrical entertainment furnished by virtue of an exceptionally talented and hard-working University dramatic group.

## We Need a New Gymnasium; We Might Rent One

An athletic reputation second to none in local circles has been gained by Colonial athletes during the past year, while our doughty gridiron warriors of this season have added immeasurably to this prestige.

Within the next three weeks the George Washington basketball team makes its debut in the University gymnasium with Shenandoah College as its opponent. Last winter our local gym, notwithstanding its remarkably poor accommodations, was filled to the rafters for every home game.

THE NEED FOR A NEW GYMNASIUM HAS BEEN LONG APPARENT TO EVERYONE INTERESTED IN GEORGE WASHINGTON UNIVERSITY.

Last year Buff and Blue basketballers won 15 contests out of 19 played. A majority of the games were played at home, and at nearly all of the frays people were turned away because of the lack of seating facilities. This year attendance at football games in which the Colonials have participated has broken all local records. THE CITIZENS OF WASHINGTON HAVE BECOME GEORGE WASHINGTON "CONSCIOUS."

It is logical, then, to predict that large crowds will endeavor to view the George Washington courtmen in action this winter. However, decent and adequate facilities for accommodating rabid Buff and Blue fans are a distinct necessity. This plea is not new to The Hatchet columns. It has merely graduated from the Sport Axe to the editorial column. IT IS A PLEA THAT DEMANDS SOME SORT OF AN ANSWER.

The Hatchet realizes the impossibility of constructing a new gymnasium or of even remodeling the old one; BUT The Hatchet insists that some arrangement could be made with the District school authorities for obtaining either the Tech High School or the Central High School gymnasium for our home contests. And if neither one of these are available, certainly a larger gymnasium than the "Tin Tabernacle" could be obtained somewhere in Washington.

## If You Have Any News Put It In the Box

Hatchet copy boxes are located in Corcoran Hall, Stockton Hall, the Library, and the Medical School for the purpose of improving and making more complete the news coverage of the University weekly. Whether they will accomplish this end is up to the students of the George Washington University.

The Hatchet is consistently made the target for welcome and unwelcome criticisms by individuals who contend that it is inefficient in its gathering of

campus news. Unfortunately we cannot and do not claim to approach the "day and night efficiency" of a metropolitan newspaper. Neither are we infallible. But we do make pretense at giving our readers as near complete campus coverage as is possible through the voluntary efforts of student reporters and a student editorial staff.

Consequently, to improve the inclusiveness of The Hatchet we urge that every student take it upon himself to deposit these bits of news or editorial comment which he feels will be of interest to the paper in the boxes provided for that purpose. After all, this is a student publication and can be improved only through student cooperation.

## Bouquets and Brickbats

This week brings the choicest of orchids to the loyal band of G. W. rooters who braved Friday night's cold driving rain to cheer on to victory a mighty muddy and bedraggled Buff and Blue eleven (their companions had deserted the wet bleachers for the more sheltered stands across the field) . . . and a bouquet of huge and most perfect chrysanthemums to the person or persons responsible for an absolute stillness in the most impressive Armistice Day observance possible . . . and roses to the bugler whose clear notes pierced the hush in a perfect rendition of taps . . . and posies to the spectators who for 30 seconds refrained from marring a silence of respect by wise-cracking (these things strike a refreshing note in contrast to the accused levity of football audiences . . . blooms for the between-halves entertainment featuring fireworks and a strutting G. W. band (all very well done despite a driving rain and soggy field) . . . nor can we forget a gallant team that battled in a sea of mud to emerge victorious . . . The week brings brickbats and prickly stalks for sorority and fraternity pledges and actives who forsake their firesides to insist . . . upon studying aloud in restaurants, cafeterias, and drug stores . . . indulge in rounds of bridge with a disturbing nonchalance while lines of hungry people bearing loaded trays wait for empty tables (always at a premium at meal time) . . . (Food Shop habitués take notice) . . . And dandelions whose golden petals have turned to seed for the G. W. coed who turned to her escort at a recent football game to inquire whether the band was playing the University "pep" song and then requested the words . . . and more of the same weed to the masculine aide, who like so many other lukewarm Buff and Blue enthusiasts, was forced to confess his inability to give her any enlightenment . . . decided thistles for individuals who carry on emphatic and hilarious conversations in senatorial tones which penetrate the far corners of a library filled with their more studious fellows (we refer to the outbursts in the law study sanctum) . . . a bouquet of choicest cactus thorns for the embryo Portia who takes it upon herself to officially decide upon the news value of legal lore before condescending to pass it on to Hatchet reporters (all of which makes us feel most insignificant in our blissful state of journalistic ignorance) . . . and a bouquet of our reddest roses to the senior law student who so kindly forwards matters of student interest to this publication (we wish there were more like him on the campus) . . . orchids to "Professor" John Madigan (voluntary dean of the University School of Journalism) for his courageous efforts in instructing embryo scribes (the attendance of 28 Friday noon in Room 15 of Corcoran Hall speaks for the popularity of his unrequited course) . . . and orchids to the Speaker's Congress for its proposed discussion of a bi-weekly Hatchet idea (we hope the arguments will make the vision more of a possibility) . . . posies to the organizers of voluntary Law Clubs . . . and more to an indulgent dean who promises no unsolicited faculty supervision but every cooperation . . . A bouquet to the ambitious efforts of those promoting a freshman-sophomore class struggle (there's hoping you carry through the good intentions) . . . orchids to the efforts of the Student and Interfraternity Councils in attempting to plan and make successful a gala homecoming program . . . and brickbats to those organizations who as yet have done nothing toward formulating definite arrangements for the Thanksgiving Day week-end . . .

## CHIPS

Hello, folks! How do you like this Democratic weather we're having these days? Most of us can put up with it if it would lay off miring our star-spangled grid machine on big game nights. As to that game, it was back to the showers the big team went in that fourth quarter, to don rain pants and not to shower as was erroneously reported by the local press. Shirley Povlich, Washington Post sports reporter, uses "star spangled" of Chips' coinage when talking about our team. Thanks, Shirley. Talkin' about election, Babs "Hoover" Harrison and Dick Rollo are in the same boat politically, only it's gonna cost "Babs" a pretty penny to treat those winners at the Shoreham. Better luck in 1936, "Babs." Everyone calls Luby the janitor, maybe it's just a disguise for "Cock Robin." By the Janitor's edict, the Chi O "Student Union" hall must close. The Chi O's over it's the A. D. P.'s friends who chuck their cigarette butts over the banister, causing the official squawk. Between games the feet ball squad plays apartment hide and seek with Skinner and Spigul—just the same as a scrimmage, said Hickman, when you get six under a bed. I won't. Wanted: One new class in physics to fill Prof. Segar's group, which has left on Sabbatical leave. Hill, former Glee Club song bird, is hero as Evelyn 1931 Campus Belle? Eller is victim of thief at Cafe Chelsea. Hero nabs thief after thrilling nocturnal chase—Gets key to basement of Library as school children sing. Prexy's missing some fine football with this Alumni trip. This week's mouthful of weeds goes to the naive if not stupid young maid who wrote in informing The Hatchet staff of the subtlety in last week's headline "Hoover Garners" 1073 votes, etc. Smooth Nellie. The Sigs can't make up their minds whether to call each other sister or brother since their ingenious young pledge Walker painted their bathrooms in pastel shades—Tickets now on sale to see the "Rose Bowl." Who were the beauties that Len Walsh and Jack Espey were dining with at the Gaiety Cafe in Baltimore Saturday? Justa couple Goucher coeds? Wandering Greeks seek to wander no more. Some active members of Banta's big ten should help the campus fraternal atmosphere. The engineers' paper this year will be A Dick Rollo Publication. Your contributions are welcome. It will be the policy of Dick to doom all such material which thinks the height of humor is calling Prexy "Heck." After sitting in the center of some of these school spiritless groups at the games, one can't repress a desire to do violence to those people on the campus who go about trying to squelch the "over-exuberance of youth" as they call it. A president of a sorority on the campus is hatched to a street car conductor. He is going to sue her because she spends too much time down here. This week Constance leads her valiant troupe in the first major G. W. dramatic effort of the year. According to these annotated signs, "Jo-Jo, the bogey man," "Homer Zilch," and "Who Cares" are the numerous wiseacre answers to "Who Killed Cock Robin?" If Connie's detective is successful, she might hire him to Quigley's to find out who gets the cracker profits. BULL-ITIN: Sorority pledges are very happy when they achieve the goal of active membership, by Martha Sutton. Watch out for the special Troubadour column soon. A little cheer and pleasant dreams. Au revoir. DICK ROLLO.

## LETTERS to the Editor

### Liberalists Demand Return of Teacher

To the Editor:

Several weeks ago Dr. Oakley Johnson, of the English department of the College of the City of New York was dismissed. Dr. Johnson was the faculty advisor of the C. C. N. Y. Liberal club. Two former faculty advisors of the Liberal club resigned under pressure from their posts as advisors. Dr. Johnson was "urged" on numerous occasions by the director of the Evening Session to resign as faculty advisor of the Liberal club. There has been no fault found with Dr. Johnson as a teacher, for the head of the English department assured Dr. Johnson that his dismissal ". . . was no doing of his, but was ordered directly by President Robinson."

The school authorities have given several alleged reasons for his dismissal. They claim that enrollment at the college has decreased, but hundreds of students were turned away from C. C. N. Y. this term. They claim that two previous instructors who were on leave of absence have returned, making it necessary to drop Dr. Johnson; but a new instructor in English has just been appointed to the Bronx Center of C. C. N. Y.

There can be only one reason for Oakley Johnson's dismissal, and that is because of his persistent support of the Liberal club and its activities. The Liberal club led a student campaign against fees in the Evening Session, it agitated for release of the nine Scottsboro Negro boys, it supported Reed Harris of Columbia, and it aided the student delegation to Kentucky.

Because of participation in protest meetings demanding Dr. Johnson's reinstatement, many students were brutally attacked by the police, three were arrested and eleven were suspended from school. The Liberal club was also suspended.

These happenings do not comprise an isolated event, but are part of a series of acts leading to a complete suppression of academic freedom in America. There is being circulated on this campus a petition demanding the reinstatement of Dr. Johnson, the suspended students, and the Liberal club. All students who wish to strike a blow at those forces which are denying basic rights of freedom should sign immediately. By so doing they will be fighting for themselves as well as for those at C. C. N. Y.

Sincerely yours,  
WILLIAM DAVIS.

### Alumni Association Activities Described

To the Editor:

The editorial in The Hatchet for November 1, headed "The Time Is Ripe for Alumni Organization," is most encouraging to the officers of the General Alumni Association as a manifestation of the student support which is vital to the development of alumni activity.

In view of this recent discussion, it may be well more fully to acquaint The Hatchet, and through it, the student body, with the work which the General Alumni Association and the University is carrying on toward this end.

It is in no wise "a coincidence," as your editorial phrases it, "that President Marvin has just embarked on a 'good-will' tour of the West and Midwest. This tour is the outcome of a recommendation made by the General Alumni Association to the President and the Board of Trustees on May 19, 1931, for periodic visits to the regional alumni clubs by the President of the University. The recommendation was embodied in a report of the Association's committee on organization and extension which covered the whole field of alumni activity."

As a basis for this report, a survey of alumni organization in colleges and universities throughout the country was made by the committee, and upon this survey was based the plan for the organization of the George Washington alumni upon a national basis laid down therein. The subject of alumni fund raising also was given thorough study by the committee and specific recommendations were made.

The report of the committee on organization and extension received the approval, in principle, of the Board of Trustees of the University, and the General Alumni Association has worked since that time toward realization of the plans formulated.

Of course you are aware that the University maintains a central alumni office. You may not know, however, that the University recently has expended a considerable sum in installing new and modern equipment for alumni records.

I should be very glad to have members of the Student Council call upon me and upon other officers of the Association to discuss alumni affairs, so that the student body may be cognizant of the work which the General Alumni Association has carried on in the past and the projects it now has in hand. It is fine to know that you share our vision for the future of the alumni organization.

Very sincerely yours,  
DANIEL LERAY BORDEN.  
A. M., M. D.,  
President.

## NOTES ON COLLEGIATE ACTIVITIES

### Griggs and Bowman Address Botanists

The great spruce forests around Kodiak, Alaska, furnished the topic of the two papers read by Dr. Robert Fiske Griggs, professor of botany, and Dr. Paul William Bowman, assistant professor of botany, before the Botanical Society of Washington at a meeting of that organization last Tuesday.

Dr. Griggs discussed the work of the Katmai expedition of the National Geographic Society which made a study of the factors fixing the position of the timber line. It was determined that the forests are recent arrivals, and that the advance of the forest is a 'secular migration.'

"It is a matter of utmost importance," Dr. Griggs continued, "to determine whether vegetation lines are static, as has been generally assumed, or whether they represent merely the present positions of active plant and animal migrations. If it should turn out that we can detect and follow the present movement of species generally an entire new field of biology is opened up."

Dr. Bowman corroborated the statements of Dr. Griggs in his paper on "Pollen-Analysis of Kodiak Bogs." In showing that the lower strata in the bog revealed few spores contributed by the present forest, he stated, "We believe it may be inferred that the forest did not exist at this place during the early stages of the formation of the bog and that it advanced to and beyond this location during the formation of the upper three feet of the peat."

### Religious Organization Offers Recreation

Le Rendezvous, one of three young people's societies at the National Christian Church, offers to George Washington students an opportunity to participate in its social activities, according to an announcement made by Alfred Kime, president of the society.

Meetings are varied, all preceded by a tea served at 6:15 each Sunday evening in the Vermont Avenue Christian Church, 1310 Vermont avenue.

### Chemistry Department Subject of Speech

The development of the chemistry department at The George Washington University was summarized by Dr. D. B. Van Evers in a brief address at the recent meeting of the Chemical Society of Washington.

This University was one of the very first in the country to offer chemistry in its curriculum, Dr. Van Evers pointed out.

By 1905 our staff of instruction boasted three names recognized wherever chemistry is known: Harvey W. Wiley, father of the Pure Food Law; Charles E. Munroe, inventor of smokeless powder; and F. W. Clark, a notable mineral chemist.

The "grand old man" of the department forty years ago, this resume revealed, was Dr. Munroe, organizer of the Graduate Council. During the war he left this institution to take a gov-

### Historical Bibliography Makes Appearance

Dr. Lowell J. Ragatz, professor of history, and Dr. W. S. Holt, formerly of the George Washington history department and now at Johns Hopkins, are the two American contributors to the recently published second volume of the "International Bibliography of Historical Science."

This work covers all books, periodicals and articles in the field of history which appeared during 1927 and is published under the auspices of the International Committee of Historical Science of Washington, D. C. This major international cooperative project is the result of combined efforts of two historians from every country who have classified and catalogued all historical material which is produced in their respective countries.

Volume I of the bibliography was published several years ago. The third, fourth and fifth volumes, covering historical writings published during 1928, 1929, and 1930, respectively, will appear off the press this winter. Volume VI is now under preparation.

Woodrow Wilson and Colonel House

Who was the woman who was virtually President of the United States? Why did Wilson call the British "Boobs"? Who was the real author of the Fourteen Points? And who was the real cause of the break between Wilson and House? George Sylvester Viereck answers all these questions in an amazing, history making record of "The Strangest Friendship in History."

# Pixlee's Buff and Blue Scalps Indians in Muddy Battle

## Colonials' Drive Through Mire Defeats William And Mary, 12-6

Belated Offensive by Indians Yields Lone Touchdown

REGULARS ARE RECALLED

McCarver Scores Early; Fenlon Hits Line for Margin of Victory

By JOHN EVERETT

Clinging to a six-point lead resultant of a smashing drive in the first five minutes of play against William and Mary at Griffith Stadium last Friday night, the George Washington Colonials emerged victorious, 12 to 6, after protecting their slender lead during a second half played in a sea of slimy mud.

Fifteen thousand fans braved the inclement weather to witness a struggle between two powerful offensive teams handicapped considerably by the treacherous footing on the muddy gridiron. The condition of the field was in favor of Coach Pixlee's driving and charging backs who continually found gaping holes in the opposing line made by the powerful G. W. line. On the other hand the keynote of the Indians' attack—speed—soon mired in the mud.

Neither team attempted any of their famed forward passes in the second half of the game after a penetrating rain had made any aerial attack out of the question. The William and Mary passing game in the final first half functioned with telling effect and would doubtless have played a large part in the remainder of the game had the condition of the field allowed.

McCarver Scores First  
Nig McCarver scored the first Colonial touchdown, climaxing a sustained drive from the William and Mary 43-yard strip, while little Johnny Fenlon ended a march from midfield with Otis Kriemelmeyer in the third period by plunging over the goal from the 4-yard line for the final six points.

The lone Indian scalping came in the last quarter when the shifty Dale Worrell sifted through the Colonial second team for a 31-yard mud-churning dash to the goal on a clever fake reverse through right tackle.

A poor punt by Le Croix, midget halfback of the visitors, gave the Pixlees possession of the ball on the William and Mary 48-yard line early in the first period. A slashing siege goalward by Chris Dooze and McCarver saw the black-haired Texan batter cen-

## SPORT AXE

By JOHN BUSICK

Another scalp added to the Colonial belt which now numbers six! William and Mary proved to be a tough eleven whose attack was hindered considerably by the sloppy weather conditions and a fast, hard-charging G. W. U. line. The tricky behind-the-line-plays whose reputation preceded the Indians from Williamsburg, were flashed briefly in the first half netting the invaders 49 yards total gain.

However as the intermission neared and the rain slowed the field, the Colonial running attack, headed by Johnny Fenlon, supplanted his usual aerial heaves and put the Virginians distinctly on the defensive. From scrimmage the Baker-directed-backs piled up 245 yards gain as against 115 for William and Mary.

It was this writer's good fortune to sit by two Army scouts in the press box last week at the North Dakota State game. These gentlemen, busily engaged in getting a detailed idea of the Bison's power, have traveled to nearly every gridiron sector of the country scouting the Cadets' future opponents. During the course of a few minutes' conversation they intimated that George Washington had exhibited the most consistent and powerful passing attack that they had seen anywhere this year! Quite a plum coming from two men who unquestionably know their football and who have seen virtually every strong eleven in the country in action.

They also made it quite evident that G. W. U. would have little difficulty in turning back William and Mary. In making this statement, however, they failed to take into consideration the possibility of rain. The same slashing attack that routed Iowa and North Dakota State on successive weeks undoubtedly would have troubled the Indians no little on a dry field. Witness the 104-yards the Colonials netted in the first quarter on running plays before the downpour!

As the gridiron season moves into its last stages, the prominence and outstanding play of "Zuzu" Stewart become more and more evident. Ideal copy for sports scribes, this easy-going Texan has shown that aside from

## Freshman Basketball Team Calls for Men

Coach Walsh Schedules Meeting of Candidates for Wednesday at 3 p. m.

Coach Len Walsh has issued a call for all candidates for the freshman basketball team to report in the gym on Wednesday, November 16, at 3 p. m. All men interested, whether or not they have played basketball previously, are urged to be present and Coach Walsh wishes to emphasize the fact that everyone has an equal chance.

An ambitious schedule, composed mostly of local high schools, has been arranged and the first game will be with Western on December 14.

As most of this year's basketball team is graduating, much future material is expected to develop from the frosh team to replace the losses.

## Colonials to Meet Oklahoma Sooners Thanksgiving Day

Season's Climax to Be Played Against One of West's Strongest Teams

By ROBERT HERZOG

The victorious Colonial gridmen meet Oklahoma University at Griffith Stadium on Thanksgiving Day. Hawkeyes, Bisons, and Indians have been set aside. Coach Pixlee is centering his attention on the grand climax of the 1932 football season.

Oklahoma boasts victories over such teams as Tulsa, Kansas U., Kansas State, and Iowa State. Their 7-0 win over Tulsa, and the Colonials' 29-14 defeat by the Oilers offers the best means of contrast of the two teams.

Authoritative sources claim that the Sooners played the best football of their season against Tulsa; however, the locals have improved greatly since their western trip, and the Tulsa game is not a fair measure of their ability.

G. W. is primed for the game. Having shown its best form against Iowa and North Dakota State, it worked up to the William and Mary fray, but its display of prowess was materially handicapped by the rain-soaked field.

McCarver Injured

Nig McCarver, fleet-footed Colonial back, was the only casualty of the William and Mary game. Early in the second half McCarver unwillingly left the game with a painful side injury.

Fred Mulvey, who was absent from the line-up nursing a muscle injury, will in all probability be at his regular position. Frank Blackstone and Ras Nielsen, kept out of the W. & M. game because of S. I. C. rules, are eligible for competition against the Sooners.

Performances of the past three weeks give every indication of a victory over Oklahoma. The superb line play of Galloway, Slaird, and Stewart, which formed an impenetrable wall against Worrell & Co., will be called upon to produce to the utmost against the Oklahomans next week.

## Radio Squad Plays Colonial Freshmen In Griffith Stadium

Thursday Afternoon Set for Contest Between Frosh and Second-Stringers

A most novel gridiron fray is to be staged Thursday in the Griffith Stadium at 2:30 between the freshman squad and the second-string varsity lads, alias "the radio squad."

When the Colonials took their long trek to Tulsa, Oklahoma, for their battle with the university of that city it was necessary to limit the number making the trip. The footballers that were left home listened and saw the contest via George Washington's grid graph and over the radio, and ever since that time have gone under the cognomen of "the radio squad."

The game should be one packed with rivalry, thrills, and replete with good football. "The radio squad" are eager to show Coach Jim Pixlee their wares and perhaps cause him to feel chagrined at not taking some of their number on the trip, while the frosh are still smarting under a galling defeat handed them by the Western Maryland freshmen.

Bill Meyers, varsity backfield coach, is the mentor for the warriors of the ether waves and jolly Jean Sexton is the tutor of the Colonial Cubs.

This contest is to be considered as a regular game. Perhaps the best feature of the whole affair is the fact that there is no admission price.

## Greek Basketball Quints Show Class In Exciting Games; S. P. E., Acacia, Phi Sig, Sigma Nu in Tie for Record

Kappa Sig-S. A. E. Overtime Contest and Alfaro's Scoring Spree Feature Games

Kappa Sigma's thrilling victory over S. A. E. in the last game on Tuesday night was the week's outstanding cage contest of the Greek tourney. Other victors on Tuesday eve were Phi Sigma Kappa, which handily beat the Sigma Chi's, 36-16; and S. P. E., which defeated Kappa Alpha by a count of 48 to 22. Thursday night saw Delta Tau Delta smear Sigma Mu Sigma by a whitewash score of 59-10; Sigma Nu tossed baskets for 24 points which overshadowed the 10 gathered by T. U. O.; Acacia eased a win from Theta Delta Chi by the count of 34-7.

At the end of the first quarter of the initial game of last Tuesday night, Sigma Chi and Phi Sigma Kappa were neck and neck with a score of 2 and 2. In each of the following periods the Phi Sig's exhibited their superior strength by racking up 10 or 12 points more than their opponents. The final score was 16 to 36. Olverson scored nearly half of the winner's goals, ably abetted by the teamwork of Monroe and Stehman. The Sigma Chi outfit was more or less devoid of teamwork.

S. P. E.'s Win

With the expected amount of strength the Sigma Phi Epsilon team showed ability that speaks trouble for future opposition as they took down Kappa Alpha to the tune of 48 to 22. Howell and Wickham showed great form, together scoring 36 points of S. P. E.'s total. Evans, Loose and Orr were accountable for most of K. A.'s pointers. While the losers lacked teamwork, the winners' display of speed and talent promises a very successful season.

Tuesday night's fracas, when Kappa Sig eked out a sensational victory over S. A. E., was the first overtime contest in a fortnight of interfraternity basketball. At the end of the first quarter the score was tied 2 and 2. Each team added 2 points apiece by the half. In the third quarter Kappa Sig raked up a 4 point lead, only to be caught by the S. A. E.'s in the fourth quarter to tie up the game 12 and 12. The spectators were up and cheering as the extra period ended 14 to 14. Another

Stably scored 12 of the victor's points and this team showed individual stars and plenty of teamwork. S. A. ## Three New Clubs Organized by Law School Freshmen

The organization of three law school clubs of eight students each indicates an aim of the George Washington University Law School student body to follow the lead of law schools at Harvard, Pennsylvania, Columbia and Michigan in the development of such groups.

First year students in the school of law voluntarily brought about the formation of these clubs, which will deal with discussions and debates in problems of legal interest, according to William Cabell Van Vleck, dean of the School of Law. The organizations are not under faculty restriction nor were they started upon the suggestion of faculty members. However, Dr. C. D. Benson, a member of the law school faculty, will act as advisor to the clubs in furnishing them with material and suggestions in the preparation of club debates.

While the Harvard scheme of organization has not been definitely decided upon as a model for the local organization, it is expected that the three groups will get the record of important cases, appoint two members on either side of the case, and proceed to argue the merits of the case before a judge, who will rate each "team" similar to the system used in judging debates. The argument will be analogous to one before an appellate court. Upperclassmen will probably serve as judges in the initial club projects.

### Clubs Named for Justices

Names of Supreme Court justices have been decided upon to designate the three existing clubs. They are: *Left*, Hughes and Holmes clubs. Plans for development make possible the membership of eight men from each class in the law school, thus limiting membership to 24 students in each club. Should other students desire admission after the quota of the existing organizations is filled, they are free to organize a new group. The clubs are not governed by faculty regulation and are free to meet where and when they please. Meetings may be arranged at private homes or in law school classrooms. It is expected that as the organizations progress, prominent barristers will be called to preside at debate sessions and inter-club debates will probably be arranged.

Membership to the various groups will probably be on the basis of invitation. The idea was presented for the approval of the faculty committee upon a petition by students forming the three groups.

Johnnie and his orchestra have played at the Steel Pier, Atlantic City; seven summers at the Powhatan Roof and four winters at the Madrilion, becoming well known to Washington dancers. He has also played for many collegiate affairs such as proms at Washington and Lee, Virginia, William and Mary, North Carolina, and others. Both the N. B. C. and Columbia broadcasting systems have featured his music on the air.

The General Alumni Association of the University will hold an Alumni Reception in the Chinese Room from 9:30 to 10:30, preceding the ball.

During intermission, cups will be awarded to the winners of the various stunt acts the night before and another to a representative of the fraternity which has displayed the most original and attractively decorated house, based chiefly on interior appearance. Presentation will be made by Theodore Rinehart, assistant to the president.

Members of both the Oklahoma and George Washington varsity football teams will be entertained as guests of the evening, and old grads will have the opportunity of meeting the boys who are carrying the name of George Washington University to fame on the gridiron.

Dr. Harry H. Seford, who graduated with the class of 1882, has indicated his intention to attend the ball, together with his daughter, who will matriculate here next year. While no contests have been devised as yet to bring out the most graduates from any one class,

lawyer in the life of Cope Valley, lies dead before the unbelieving eyes of his fellow actors.

### All Are Suspected

Suspicion points to every single member of the cast including the emergency investigator, Julian Cleveland, a business partner of Robinson. And as a pompous but inefficient investigator, Grant Van Demark finds himself embroiled in unforeseen difficulties. Five times the cast re-enact the duel scene in an effort to solve the mystery before the arrival of police. But after everybody's best friend has accused everyone else until each is the enemy of the other, the important question remains as much a matter of conjecture as before—"Who Killed Cock Robin?"

And then there's the discovery of the bloody knife found sticking in the back of the dead Robinson as he lies motionless on the floor. Its finding causes the most genuine of blood curdling screams from Amanda Chittum, as Carlotta Maxwell. They will rend your soul and haunt your dreams for the night.

The production brings before the George Washington University audience the following club members in the order of their stage appearance: Sol Orleans as George McAuliffe, a hard-boiled trooper; Grant Van Demark as Julian Cleveland, a Cope Valley attorney; Jack Richmond as Richard ("Dickie") Lane, the juvenile character who eventually solves the murder; Royal A. Gunnison as Hancock Robinson, the victim; Donald Wilkins as John Jessup, an actor; Betty Rice as Alice Montgomery, a prominent clubwoman; Amanda Chittum in the role of Carlotta Maxwell, Robinson's sweetheart; Tom Taylor as Clark Torrence, an actor; Kenneth Romney, Jr., as Henry Briggs, the erratic stage manager; Newell Lusby as Dr. Edgar Grace, an actor, and Carlotta's uncle; Maxine Scott as Maria Scott, the girl with the camera eyes, an assistant to the director of the amateur production, and Margaret Gilligan, as Helen Maxwell, the mother of Carlotta.

Constance Connor Brown, director of dramatics at the University, is directing the production.

## The Community Chest

To All Members of the Student Body:

The University has been requested by the Community Chest to assist in the solicitation of contributions from the students to the Chest's 1933 Campaign Fund.

The Community Chest stresses the urgent need of funds to meet the unusual situation existing in the District of Columbia, and asks for as liberal a donation from each person as is possible.

We are quite conscious of the fact that a vast majority of the students of this University will contribute or have contributed to the Chest Fund through other sources as, in the case of the employed students, their employers, and, in the case of the dependent students, through their parents. The blank below is supplied as a sensible way of reaching the students who do not fall within either of the mentioned classes and affords everyone an opportunity to give, without soliciting the thousands who have given or will give elsewhere. ## Daugherty and Band Play for Student-Interfraternity Council Dance Friday; Many Hear Rudy Vallee at Wardman

### Van Demark Entertains Theta Deltas From William and Mary; Sigma Chi Gives Straw Ride

Social functions followed the usual trend this past week—usual but nevertheless, enjoyable. The dance, sponsored by the Student and Interfraternity Councils, drew a large crowd of William and Mary students as well as many G. W. -ites. For those who did not attend the Corcoran Hall dance, informal parties at the various fraternity houses furnished more than adequate amusement.

### Emory Daugherty Plays For Council Dance

The Student and Interfraternity Council dance, at Corcoran Hall Friday night, was another excellent example of the efficiency of those organizations to give football dances. Music, furnished by Emory Daugherty and his band, proved unusually good.

Sigma Chi entertained the members, the pledges, and their dates with a radio party and a buffet supper at the house following the game Friday night.

Grant Van Demark entertained in honor of the Theta Deltas from William and Mary. Supper was served Friday evening at the Theta Delta house, and music for an informal dance was furnished by Dan Beattie's orchestra.

Sigma Nu and Delta Tau Delta entertained at informal radio parties at their respective houses following the William and Mary game Friday evening.

### Sorority Pledges Are Entertained at Tea

Alpha Delta Pi pledges entertained at a tea for the pledges of the Panhellenic Council on Wednesday, November 9.

Alpha Delta Theta pledges gave a tea for their fellow pledges on Thursday, November 10.

Kappa Delta gave a pledge tea for all fraternal organizations on Sunday, November 13.

The pledges of Phi Sigma Sigma entertained the pledges of the other sororities at tea on Monday, November 14.

Tea was served by the pledges of

## Women's Annual Fall Sport Week To Stage Games

### Alumnae Prominent in Sports, Faculty Speak at Pep Rally on Monday

#### CLASS TEAMS CHOSEN

The Annual Fall Interclass Sports week for Women which commenced yesterday, and which will continue until Friday, November 18, presents an interesting variety of events. The meet is taking place on the Ellipse and Monument grounds.

The week opened with a pep rally on Monday in Building R. Alumnae prominent in sports while students at the University, and several members of the faculty, addressed the students and members of the various teams.

Class teams have been chosen in hockey, soccer, and tennis, and individual tournaments will be played in golf and archery. A full program, embracing all of the above sports, will be presented each day.

The teams were picked by the sports managers and their assistant class managers, in cooperation with the coaches of each sport, and are as follows:

#### Hockey Teams

Seniors—Louis James, Catherine Phelps, Mary Sandberg, Helen Chafee, Margaret Leibler, Grace Haley, Betty Monroe, Marian Rittenour, Jane Hill, Bettie Elfelt, Louise Parker.

Juniors—Mary Lee Watkins, Charlotte Joyce, Frances Cox, Gertrude Gray, Janet Young, Catherine Crane, Louise Linkins, Betty Rose, Henrietta Hobson, Ruth Young, Marguerite Thomas, Doris Skinner.

Sophomores—Caroline Becker, Frances Douglas, Barbara Harrison, Jane Rhoades, Lovey Adkins, Virginia Dennis, Jane Hughes, Elinore Grollman, Loraine Lincoln, Isabelle Elms.

(Continued on Page 6, Col. 2.)

and pledges present. Robert Phelps, past president of the fraternity, was presented with a handsome plaque containing the G. W. seal.

The pledges of Kappa Delta gave a dance in honor of the actives November 12. Henry Stewart's orchestra furnished the music.

Tau Alpha Omega announces the initiation of Saul Holtzman and the pledging of Kiva Manchester, William Kaplan, and Samuel Hillman.

David Betts, Ebby Northrop, and Lowell Bradford attended the annual homecoming of Norwich University, Northfield, Vermont.

Eleanor Spencer has returned to Charlotte, North Carolina.

Muriel Davis spent the week end in Baltimore visiting Olivia Watkins.

### Phi Mu Announces New Chapter

Phi Mu announces the installation of the Iowa Sigma Chapter of Phi Mu at North Dakota State College, November 4.

Mary Lee Watkins and Catherine Crane drove to Sweet Briar this week end.

Delta Zeta entertained at luncheon in honor of Mrs. William Cullen French, a patroness of the Alpha Delta chapter, November 8.

Louise Monroe spent the week end at V. P. I.

Virginia Sheffield entertained at a buffet supper in honor of a number of midshipmen, November 12.

Delta Zeta alumnae were hostesses to all Washington Delta Zetas at a tea in the sorority rooms, November 8.

Farrington-Wilson Engagement Is Announced

Kappa Alpha announces the engagement of Max Farrington, assistant director of athletics, to Lydia Wilson, secretary to the comptroller of George Washington University.

Theta Delta Chi announces the pledging of William Smith.

Alpha Chi Sigma, national professional chemical fraternity, announces the pledging of John W. Brandt, E. Carroll Creitz, Arthur V. Danner, Augustus R. Glasgow, Robert T. O'Connor and DeWitt Smith.

Delta Zeta gave an informal dance at the sorority apartment Saturday night.

The Alpha chapter of the Phi Alpha fraternity held a formal dance at the Carleton Hotel Saturday night, November 12, in honor of the visiting fraters from William and Mary.

Alpha Epsilon Iota was entertained at dinner at the home of Mrs. William Cline Borden on November 5. Mrs. Cloyd Heck Marvin, Mrs. Earl Baldwin McKinley, and Mrs. Joshua Evans served. A talk by Dr. Amy Standard was of special interest.

## Sororities Establish Many Pledge Rules

### Coed Greek Letter Aspirants Toe the Line on Path to Initiation

What would happen if it were possible for a girl to be a pledge of more than one social sorority at one time? It would seem hopeless in some cases to keep pledge rules straight.

Most of the sororities have general rules somewhat similar, as: wear pledge pin at all times, keep rooms clean and orderly, and willingly respond to all requests of actives at all times. However, a few are unique, as Phi Mu, whose pledges are required to carry life savers always. Pi Phi pledges must attend freshman assembly. Permission to enter must be secured from an active before Zeta Tau Alpha pledges can come in any room. As regards smoking, the range is most wide. Delta Zeta pledges can smoke only with the permission of the actives. Both Pi Phi and Zeta Tau Alpha do not allow smoking at any social function or at any time in the rooms.

**Study Periods Differ**  
Another interesting comparison is that of scholarship arrangement. Alpha Delta Pi requires compulsory study hall attendance. Zeta Tau Alpha and Phi Delta pledges are forbidden to cut any class and must report all grades weekly to a "big sister." Pi Phi requires two hours' studying daily in the rooms, while Chi Delta's minimum study requirement is two hours a week. Pi Mu sets a limit of at least one hour a day spent in study at the library.

Activities required differ according to the sorority. Pi Delta requires one activity of all night students, but two of all day students, while Pi Mu pledges must all have two activities.

Most sororities require their pledges to cook and serve dinner preceding the weekly meeting, but Kappa Delta pledges must serve luncheon once a week to the actives, and Zeta Tau Alpha pledges must give a dinner to the actives once a month. Pi Mu pledges must give a goat show before initiation, subject to the approval of actives. In addition to this, Pi Phi requires that all pledges have a goat poem.

## Women Play Volley Ball and Ping Pong

### Table Tennis Runs 3 Matches; Conclude Month's Volley Schedule

Seven games were played during the past week to complete the November schedule of the Women's Intramural volleyball ball tournament, and three matches in the ping pong tournament were run off. The ping pong tournament will continue through the balance of the week.

The scores for last week's games in volleyball are as follows:

November 7—Sigma Kappa vs. Sigma Sigma, 15-11, 11-15, 15-2. November 8—Sigma Kappa vs. Delta Zeta, 15-8, 15-2. November 9—Alpha Delta Pi vs. Alpha Epsilon Phi, 6-15, 16-14, 15-8; Pi Beta Phi vs. Chi Omega, 15-7, 15-13. November 10—Alpha Delta Pi vs. Phi Mu, 15-6, 15-1; Delta Zeta vs. Kappa Kappa Gamma, 11-15, 15-11, 15-7. November 11—Phi Sigma vs. Delta Zeta, 10-15, 15-13, 6-15.

**Ping pong scores are:**  
November 8—Alpha Delta Theta vs. Kappa Delta, 3-6, 6-8. November 10—Pi Beta Phi vs. Phi Delta—6-2, 6-0. November 11—Alpha Delta Pi vs. Alpha Epsilon Phi, 6-1, 6-2.

The schedule for the ping pong games for this week is:

November 17—Sigma Kappa vs. Phi Sigma Sigma; Chi Omega vs. Phi Delta. November 18—Sigma Kappa vs. Delta Zeta; Kappa Delta vs. Alpha Delta Pi. November 21—Colonial Campus Club vs. Zeta Tau Alpha; Alpha Epsilon Phi vs. Alpha Delta Theta. November 22—Pi Beta Phi vs. Chi Omega; Kappa Delta vs. Phi Mu. November 23—Zeta Tau Alpha vs. Phi Delta; Alpha Delta Pi vs. Alpha Delta Theta.

All matches are to be played in the old church on H street. Any team unable to play a match when scheduled must notify its opponent before 12 o'clock of the day of the match in order to avoid paying a default fine.

## Bridge Section of Columbian Women Will Be Entertained

The bridge section of the Columbian Women will meet on November 30 at 2 o'clock at the home of Mrs. Willard Hayes Yeager. The literature section met on November 9.

A junior section was formed last week with its meetings in the evening to provide for those Columbian women who work during the day and are not able to attend the afternoon meetings.

## Tennis Tournament Approaches Finals

### Women's Tennis Doubles Now in Quarter-Finals; Finals on Friday

The women's tennis doubles tournament has reached the quarter-finals, with the final match being played Friday at 3 p. m.

The following players are to play their matches this week with the two winning teams playing in the final tilt. The quarter-finalists will be: Judith Fishburn and Betty Cochran vs. Helen Chafee and Gretchen Feiker; Marian Butler and Ted Clary vs. Marjorie Sehorn and Anna Clare Koons.

In the matches played off during the past week, Katherine Wassmann and Mary Louise Braselton were defeated by Fishburn and Cochran, 8-6, 6-2. Chafee and Feiker defeated Stanton and Aal, 7-5, 7-5, in a tight tilt. Sehorn and Koons won over Feiker and Appel in a closely contested match, while Clary and Butler easily emerged victorious over Frances Douglas and Rosalie Palmer.

## After College WHAT?

## RADIO?

Major Howard Angus, former V. P. of the National Broadcasting Company, says: "Radio offers a wide scope for talent—the technique of program production, merchandising, writing, scientific research, even financing. To succeed, the young man of today must have a thorough training, an alert mind, a clear head."

**REWARDS** in radio go to the man with an "alert mind" and a "clear head." This kind of man, in this business as in college, elects the pipe his favorite smoke. And any college man can tell you his favorite smoking tobacco—Edgeworth.\*

This is only natural—for in all tobacco there's no blend like the mixture of fine old burleys found in Edgeworth. In that difference there's new smoking satisfaction, new smoking comfort. Like to try before you buy? Write for free sample packet. Address Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

\*A recent investigation showed Edgeworth the favorite smoke at 42 out of 54 leading colleges.

## EDGEWORTH SMOKING TOBACCO

## Water Poloists Now In Embryonic Stage

Team to Be Chosen From Varsity Includes Rote, Kinsler and Ghormley

Intercollegiate water polo contests may become a certainty at G. W. U. if Coach "Al" Lyman's present plans develop. This sport, faster than basketball and rougher than football, is now in the embryonic stages at G. W. U.

A team will be selected and a schedule completed within a short time. With Captain Max Rote, former captain of the Municipal pool polo team; Dyer Ghormley, James Kinsley, M. L. Birnsie, Frank Backus, John Hain, and a strong aggregation of other swimmers, there should be little difficulty in selecting a winning team from the varsity. The team will schedule its first games with local clubs, and later games may be scheduled with colleges.

Dyer Ghormley is rapidly developing into a swimming sensation. Coach Lyman said last Wednesday night, "Ghormley can swim one stroke as well as another, and lose no time in getting over the water!" He is the District 220-yard free-style champion and a former water polo player in southern California. His natatorial skill is expected to add much strength to both the swimming team and the polo team. Fancy divers are particularly in demand on the swimming team. There is a splendid opportunity for good divers to gain a berth on either the freshman team or the varsity team before the schedule opens with Central High on December 4. Divers interested should report to Coach Lyman at the Ambassador pool on Monday, Wednesday or Friday at 7 p. m.

## Male Pulchritude, Campus Version

Some of the talented boys are practicing for a skit of some sort to be given at the Homecoming celebration Thanksgiving eve in the Auditorium. It looks as though the gentlemen will need a lot of practice before they attain the terpsichorean finish of a Ziegfeld chorus.

## Glee Club, Cue and Curtain, Football Game Feature in WMAL Programs

George Washington University goes on the air, and with a bang! As in other fields, the University does things properly or not at all. Last week three important campus features were broadcast over station WMAL. The Glee Club (see this week's story in The Hatchet), the football game, and Cue and Curtain all occupied important "spots" on the evening program.

Of great interest to rabid football fans was the interview between Coach John Killison, of William and Mary, and our own Jim Pixlee, which was broadcast at the Griffith Stadium last Friday night. The interview, natural-

ly, centered about the relative merits of football teams, each coach closing by wishing the other success on the gridiron.

The Cue and Curtain was not without an interested audience, as its players sent excerpts of the famous play, "Cock Robin," over the ether. Had you been listening last week, perhaps you might know the answer to that pertinent question, "Who Killed Cock Robin?" And it might be added that the murderer was aided and abetted by a George Washington University alumnus in the person of Mr. Pierson, production manager of WMAL.

his colorful appearance on the field, he is one of the best line men in the East. Weighing 168 pounds, he puts every ounce of it into his play, often to the complete demoralization of the opposition. To date he has yet to be outplayed by an opposing guard and in each game his accurate diagnosing of plays has been positively uncanny.

This year George Washington has given neighboring coaches plenty to think about. In the short space of three years Coach Pixlee has changed the Colonials from a distinctly second rate eleven which played to a handful of fans in Central Stadium, to the biggest drawing card in the District. Having broken all local gate records for a football game at the Alabama contest, Pixlee set out to break the season record. And already that has been done. Previous to the William and Mary invasion, more people watched the Colonials in Griffith Stadium than ever before witnessed a local team in an entire season! With 15,000 more turning out in the rain for the Friday night attraction and a crowd of 25,000 expected for the Oklahoma Homecoming game on Thanksgiving Day, George Washington may set a season attendance record that will stand for many years in Washington.

A final list of members of the choruses has been submitted by Christine Spignul, dancing director of Troubadours, and her assistants, Virginia Hawkins, Ruth McNary, and Marguerite Thomas. This selection has been made from over 200 aspirants for chorus placement.

After weeks of strenuous practice and careful elimination, made even more difficult because of the ability of all who tried out, the chorus will undoubtedly be the best that any Troubadour show has ever boasted.

game on Thursday night, Alfaro flashed a craftiness that put Delta Tau Delta ahead and finally resulted in establishing himself as the high score man in the tourney so far, with the scoring of 27 points in this game. He jumped ahead of "Ox" Wickham for high honors in any one game up to date. Sigma Mu Sigma has two good men in Chamberlain and Johnson, but they were overpowered by the swarming activity displayed by the Delta aggregation, as they piled up 59 points to 10.

Sigma Nu kept an easy lead over T. U. O. with the colorful passing and guarding of White and Brown, aided by Allen, who rang the baskets. The T. U. O.'s went in this game with the odds against them, but nevertheless played a good game that finally ended in a score of 24 to 10.  
Acacia went into the game with Theta Delta Chi as heavy favorites because of its decisive victory in the previous week's game. Although winning, there seemed to be a lack of team work on the part of Acacia, or rather a let down, as this game looked close at times. However, with Griffith and Chippis scoring, plus the able play of Kelso, Acacia got a good lead in the beginning of the second half and ran up a score that at the final whistle was 27 to 7.

## Strecker to Speak At Medical Meeting

Papers Will Be Read; Discussions by Prominent Men to Follow

The George Washington University Medical Society will have as its guest speaker, at its meeting, Saturday evening, November 19, Dr. Edward S. Strecker, professor of psychiatry at the University of Pennsylvania. The meeting will be held at 8 o'clock in the auditorium of the School of Medicine.

Three papers will also be presented at the meeting. Dr. Strecker's paper, "A Plea for a More Constructive Attitude Toward Psycho-Pathology," will be discussed by Dr. William Allanson White, professor of psychiatry in the Medical School and Superintendent of St. Elizabeth's Hospital.

Frederick A. Fenning, authority on medical jurisprudence, will read a paper on "The Trial of Charles J. Guiteau, which will be discussed by Dr. Nolan D. C. Lewis. The famous trial of McKinley's assassin has long been a subject of controversy in the medical and legal professions. Members of the law faculty of the University have been invited by the Medical Society to hear this paper and the discussion following.

The third paper on the program will be read by Dr. Walter Freeman, professor of neurology in the School of Medicine.

## Music Club Features Percy Grainger Talk

Miss Julia Shelling will talk on Percy Grainger at the Symphony Club meeting on Thursday, November 17, at 8 p. m. at the Washington College of Music, 2107 S street. Mr. Percy Grainger is to be heard soon with the National Symphony Orchestra.

There will be piano solos by Helen Spasoff, Aresnia Riano, violinist with the National Symphony Orchestra, will play.

## Menorah Society Debates Jewish Wedding 'Shad-Chan'

Resolved: "That a 'Shad-chan' is necessary for all Jewish weddings" is the subject of a humorous debate which will take place between members of the Menorah Society at the November 16 meeting to be held in the Phi Sigma Sigma Sorority rooms at 2022 G street, at 8:30 o'clock in the evening.

This question of the value of a marriage broker is the feature of Wednesday's program. There will also be a talk on some current subject as well as discussion by members. Refreshments will be served.

## Parts From "Cock Robin" Presented at Club Meeting

Bits from the coming production, "Who Killed Cock Robin," were presented to the Drama Appreciation Club, Wednesday night, November 9, by members of the cast of that play.  
An outline of the play was sketched by Constance Connor Brown, director of the University dramatic group. Members of Cue and Curtain who participated were Royal Gunnison, Amanda Chittum, Margaret Gilligan, Sol Orleans, Newell Lusby and Jack Richmond.

## How It's Done

This engrossing picture shows Audrey Edmonds and George Wells in a stirring scene from the soon-to-be witnessed Troubadours. George takes the part of a meek, love-stricken reporter who has a tough time of it for a while, but he seems to be doing very well here.

## DRIVE OF COLONIALS' THROUGH MIRE SINKS WILLIAM & MARY, 12-6

(Continued from Page 3.)

ter for the marker. Johnny Baker's placement was made.

Shortly afterward a blocked kick by Hardy Pearce, giant Colonial tackle, on the 10-yard line, put G. W. again in a scoring position. However, the Indians braced and took the ball on their own 20-yard strip after a Colonial pass over the goal was grounded.

Momentarily the Indians flashed a snappy attack with Chalko heaving the pigskin to both ends. An acute attack of weak kicking by the Indians repeatedly gave G. W. the advantage, with Baker and Kriemelmeyer punting consistently well throughout.

Fenlon Gained Yardage  
Shortly after entering the game late in the first quarter, Johnny Fenlon reeled off 27 yards before being pushed out of bounds by Le Croix on the William and Mary 20-yard line. At this point power plays failed to gain and G. W. lost the ball.

Baker punted to the Williamsburg 6-yard line after Dooze intercepted an alien aerial on the 32-yard mark. Le Croix kicked 50 yards to Fenlon who snakehipped it back 25 yards. A fumble by Dooze ended the assault on William and Mary for the moment.

Beautifully placed kicks by Kriemelmeyer kept the Indians on the defensive during the remainder of the half. Bob Galloway's tackling after each kick saved G. W. much yardage. The Colonials resorted to the air in the last few minutes but were unable to complete a single pass.

Again in the third quarter Le Croix punted badly when hurried by the fast-charging G. W. line, the ball traveling only 26 yards to the Colonial 45-yard line. Here, Kriemelmeyer and Fenlon alternated in battering the Indian line down to within 9 yards of the goal. After gaining 5 yards on an Indian offside, Fenlon charged through center with a burst of speed for the touchdown. Baker again missed the kick, making the score 12-0.

With their backs to the wall, the Williamsburg Indians fought savagely uphill with Dale Worrell's dash goalward culminating their efforts. William and Mary had previously placed G. W. in an awkward position when little Le Croix placed a punt out of bounds on the Colonial 3-yard strip. Kirk Norton, reserve end, was given the nasty duty of kicking out of danger from behind his own goal with a slippery ball and on equally treacherous footing. On a low pass from center, Norton fumbled, but recovered and booted the ball in a flash to his own 34-yard line. Following a short gain by Halback Bergin, Worrell squirmed 31 yards to the goal. The extra point was blocked by Conn.

## Regulars Hold Indians

Coach Pixlee soon returned the regulars to prevent any further scoring by the Indians. Fumbles bogged any sustained march by either team at this point, although the battering ram, consisting of Kriemelmeyer and Fenlon, succeeded in advancing the ball to the William and Mary 20-yard line before being held for downs. Two end runs of 12 and 17 yards apiece by Fenlon were mainly responsible for this splurge.

In the dying minutes of the struggle, William and Mary tried in vain to shake loose Bill Palese, one of their little jack-rabbit backs.

## B. S. U. Will Hold Tri-State Congress

Men From Nashville and Philadelphia To Speak At Convention

Featuring a group of prominent speakers, the annual convention of the Baptist Student Unions of the colleges and schools of Maryland and the District of Columbia will take place on November 18, 19 and 20, at the Calvary Baptist Church, Eighth and H streets, to promote inspiration, information and fellowship among the students belonging to that denomination.

The speakers who will take part in the program, built around the theme of "If I Be Lifted Up," include Frank H. Leavell, of Nashville, Tenn., the executive secretary of the Baptist Student Union of the South; Dr. Clarence Cranford, of Philadelphia; Dr. T. W. Ayres, a returned medical missionary to China, and Dr. G. G. Johnson, the pastor of the National Memorial Baptist Church. Among the student speakers are Kathleen Watkins, Jack Jones, and Eleanor Goodson, of the University.

The attraction for Saturday evening, November 19, is a banquet for the delegates to be followed by a very entertaining Chinese play presented by the Baptist Young Peoples Union of the National Memorial Church.

The visiting delegates from Hood, Goucher, Johns Hopkins and other colleges of the vicinity will be entertained by the George Washington B. S. U. Ernest Haines is chairman of the program committee and presiding officer of the convention.
